

**DECLARATION FOR PATENT APPLICATION
(Co-Pending Application Containing Additional Subject Matter)**

As below named inventors, we hereby declare that:

Our residence, post office address and citizenship are as stated below next to our names.

We verily believe we are the original, first and joint inventors of the subject matter which is claimed and for which a patent is sought on the invention entitled "**COMPUTER WITH AUDIO INTERRUPT SYSTEM**", which is described and claimed in the specification attached hereto.

This Application in part discloses and claims subject matter disclosed in our earlier filed pending application, Serial No. 09/461,870 filed 12/15/99, which in turn was a Continuation-in-Part of Application SN 09/160,849, now US Patent 6,301,593 issued July 17, 2001.

We acknowledge our duty to disclose information of which we are aware which is material to the examination of this application; that as to the subject matter of this application which is common to said earlier application, we do not know and do not believe that the same was ever known or used in the United States of America before our invention thereof or patented or described in any printed publication in any country before our invention thereof, or more than one year prior to said earlier application, or in public use or on sale in the United States of America more than one year prior to said earlier application; that the common subject matter has not been patented or made the subject of an inventor's certificate issued before the date of said earlier application in any country foreign to the United States of America on an application filed by us or our legal representatives or assigns more than twelve months prior to said earlier application; and as to applications for patents or inventor's certificate on the common subject matter filed in any country foreign to the United States of America, prior to said earlier application by me or my legal representatives or assigns,

☒ No such applications have been filed.

That as to the subject matter of this application which is not common to said earlier application, we do not know and do not believe that the same was ever known or used in the United States of America before our invention thereof or patented or described in any printed publication in any country before our invention thereof, or more than one year prior to this application, or in public use or on sale in the United States of America more than one year prior to this application, that said non-common subject matter has not been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States of America on an application filed by us or by our legal representatives or assigns more than twelve months prior to this application, and as to applications for patents or inventor's certificate on the invention filed in any country foreign to the United States of America prior to this application by us or our legal representatives or assigns,

☒ No such applications have been filed.

POWER OF ATTORNEY: As the below named inventors, we hereby appoint the following attorney(s) and/or agent(s) to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith:

JAMES J. RALABATE Reg. No. 19, 211

Address all telephone calls to
Address all correspondence to

JAMES J. RALABATE at telephone number **(716) 634-2280**
JAMES J. RALABATE **FAX (716) 634-6175**
5792 MAIN STREET
WILLIAMSVILLE, NY 14221

We hereby state that we have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above. We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
